SATURDAY

06

AT 2:10 PM

APRIL

Place of execution :

**At ELCS LaB, 1st year block
JBIET.**

Participants

The discussion saw active participation from students across various departments. The participants were divided into small groups to facilitate an in-depth discussion.

Key Points Discussed

1. Importance of Voting
 - Voting as fundamental right in democracy.
 - Strengthening the democracy.
2. Eligibility and Process
 - Age and Criteria for voting.
 - Steps to register for voting.

3. Personal Experience

- How it feels to vote for the first time.
- Sense of responsibility and pride in participating in the democratic process.

4. Awareness and Preparations

- Being informed about the political parties and their agendas.
- Role of media and campaigns in influencing first-time voters.

5. Challenges and Concerns

- Voter apathy and lack of awareness.
- Ensuring free and fair elections.

Conclusion

In conclusion, casting our first vote is not just a personal milestone but a significant step in contributing to the democratic process. It reflects our responsibility as citizens and our power to influence the future of our nation. By being informed, voting ethically, and encouraging others to participate, we help strengthen the foundation of our democracy.

Let us remember that every vote counts, and together, we can shape a better tomorrow through active participation in elections.
