

REPORT ON GRAM SABHA MEETING

Date: October 2, 2023

Location:kanakamamidi

Secretary: Prasad Sir

Volunteers:35

Activity: UBA Engagement

Introduction

On October 2, 2023, a Gram Sabha meeting was held as part of the Unnat Bharat Abhiyan initiative. The meeting aimed to discuss pressing local issues, particularly focusing on hygiene and water supply problems affecting the community.

Attendance

The meeting was attended by local residents, members of the Gram Panchayat, and students involved in UBA activities. Prasad Sir, the Secretary, led the discussions.

1. Hygiene Problems:

- Open Defecation: A significant concern raised was the prevalence of open defecation, which poses health risks and affects the overall cleanliness of the village.
- Waste Management: Residents highlighted the lack of proper waste disposal systems, leading to littering and unhygienic conditions.

- Awareness Campaigns: There was a suggestion for regular workshops to educate the community about personal hygiene and sanitation practices.

2. Water Problems:

- Water Scarcity: Many villagers reported insufficient water supply, especially during the dry season, leading to difficulties in daily activities.

- Quality of Water: Concerns about the contamination of water sources were also raised, with some families experiencing health issues linked to poor water quality.

- Infrastructure Needs: The community discussed the need for improved water infrastructure, including borewells and pipelines to ensure safe and accessible water for all households.

- Hygiene Initiatives: Organize awareness campaigns to promote hygiene practices and establish a waste management system.
- Water Supply Improvement: Propose the construction of additional borewells and water purification systems to address scarcity and quality issues.
- Follow-up Meetings: Schedule regular follow-ups to assess progress on the discussed issues and ensure community involvement in solutions.

Conclusion

The Gram Sabha meeting provided a platform for residents to voice their concerns regarding hygiene and water issues. Under the leadership of Prasad Sir, there was a collective commitment to improve the living conditions in the village through collaborative efforts. Continued engagement and action are essential to address these pressing challenges effectively.
