

Student Exchange Agreement

between

**JB Institute of Engineering and Technology,
Hyderabad, India**

and

**King Mongkut's Institute of Technology Ladkrabang,
Thailand**

JB Institute of Engineering and Technology, Hyderabad, India, and King Mongkut's Institute of Technology Ladkrabang (KMUTL), hereby agree to promote student exchange between our two institutions.

Purpose

The purpose of this agreement is to help promote mutual understanding between JB Institute of Engineering and Technology, Hyderabad, India and KMUTL while also advancing each institution's academic and internationalization goals. This agreement provides for the exchange of both undergraduate and graduate students, and both JB Institute of Engineering and Technology, Hyderabad, India and KMUTL agree to enter this exchange program under the following conditions:

1. Duration of Stay

The duration of stay for exchange students at the host institution shall normally be for up to a period of one semester or one academic year subject to the agreement of the host institution.

2. Numbers of Exchange Students

Each institution may send and accept under this program not more than two students per annum. Both universities endeavour to ensure that there is an equal, reciprocal flow of students. The number of students to be exchanged in any particular year may exceed five subject to the mutual agreement of both institutions.

3. Status of Exchange Students

Each institution shall normally accept incoming exchange students as non-regular students (i.e. students who do not aim at obtaining a degree or other formal qualification from the host university.)

4. Acceptance Procedures

Students participating in this exchange program under the terms of this Agreement shall be selected initially by their home institution. The host institution shall make the final admission decision in each case. The following selection criteria will generally apply but may be varied in appropriate cases:

- 1) Students will have completed at least one year of university work prior to participation in the exchange;
- 2) Good academic standing, as reflected by a minimum 75% average or GPA of 3.0 in previous academic work at their home university.

5. Study Program

Each exchange student shall determine the study program at the host institution in consultation with academic advisors of both the home and host institutions. Depending on the study program, language requirements and/or other prerequisites may be imposed in accordance with the regulations of the host institution. Exchange students will normally be permitted to enter programs unless these programs are subject to limited enrollments.

6. Academic Record and Accreditation

The host institution shall evaluate the academic performance of each exchange student according to its rules and shall send the home institution the academic record/transcript of each exchange student. The home institution may give credit to each student according to its regulations.

7. Tuition, Fees, and Expenses

Provided they have paid the appropriate tuition and fees to their home institution, exchange students shall not be required to pay tuition or standard student fees at the host institution. Other costs, including course-specific fees, dormitory, international travel, books, supplies, meals, health insurance, and other incidental expenses arising out of the exchange, will be the responsibility of the exchange student.

8. Validity and Duration of the Agreement

This Agreement may be terminated or altered through mutual agreement and written consent of both institutions, and shall remain in effect from the date of signature for an initial period of five years. Thereafter, it shall be automatically renewed each year; however, after the initial period either university may terminate the agreement by giving six months written notice of such intent.

In the event that either party terminates the Agreement, the host institution shall honor the terms of the Agreement for students whose exchange was approved prior to termination.
